TRAFFIC IMPACT ASSESSMENT AND TRAFFIC SITE PLAN APPROVAL

Dear Sir,

PEMBESARAN PELABUHAN KONTENA SAPANGAR BAY OR SAPANGAR BAY CONTAINER PORT (SBCP) EXPANSION

PROJEK IMPLEMENTER: SABAH ECONOMIC DEVELOPMENT AND
INVESTMENT AUTHORITY (SEDIA)
PEMILIK PROJEK : SABAH PORTS SDN BHD
DRAWING NO. : PJP/P128/TSP/1A & 2A
SERIAL NO. : TSP.01/02.2020/R/1187

Your submission vide reference number PJP/P128/Cor/06 dated 10 March 2020 and the latest revised plans pertaining to above mentioned subject refer.

2. Please be informed that the Traffic Site Plan (TSP) is approved subject to the following conditions:-
 - 2.1 This approval is not an approval for the development plan (DP), but merely to guide the consideration of the DP on issues related to road and traffic.
 - 2.2 The approval given to the TSP will lapse upon the expiry of the Development Plan (DP) approval if the Proposed DP is approved.
 - 2.3 Dewan Bandaraya Kota Kinabalu (DBKK) will not be restricted to impose conditions / requirements on the Developer to review the TSP after the expiry of the DP plan approval or there are changes made to the DP.
 - 2.4 Unless otherwise agreed and stated, the Developer is wholly responsible for any road improvement works as shown in the approved TSP except for the certain area that have been agreed and marked for contribution by others and government.
 - 2.5 This approved TSP is not construction drawings for implementation purpose, but it is merely a conceptual plan, which must be followed by engineering detailing that shall be separately prepared by the C&S engineer and submitted for checking and approval prior to commencing any physical works on site.

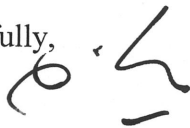

Certified To ISO 9001 - 2008
Cert. No. MY-AR-4890

- 2.6 All submissions shall be in accordance with JKR Manual on Traffic Control Devices, Road Marking and Delineation.
- 2.7 The developer is to submit relevant C&S details for the improvement works including the bus stop, walkway and road. As soon as the Engineering Plans relating to the access road connecting into or within DBKK or JKR is approved, the Developer must submit wayleave application to the relevant office for approval prior to commencing work on site.
- 2.8 No site works shall be carried out on public roads unless wayleave has been obtained from the authority.
- 2.9 The developer is responsible to liaise with the relevant utilities agencies for the relocation of any services found on the road reserved.
- 2.10 All the mitigation works to be contributed by the Developer are shown in the approved plan.
3. Enclosed herewith please find a copy of the duly endorsed documents for your retention.

Thank you

Yours faithfully,

(DATUK HAJI NORDIN BIN SIMAN)
